■ Grumbach prefabricated showers

The family business **Grumbach** with its seat in Wetzlar-Münchholzhausen is currently one of the leading suppliers of prefabricated showers in Germany.

Simply position it, connect it up and shower -

all of the **Grumbach** prefabricated showers (also called complete showers) function in this way.

The current range consists of a wide spectrum of models starting from the inexpensive standard shower to the accommodating senior shower all the way to the comfortable multi-functional shower.

They are equally suitable for hotels, guesthouses, care homes or sanitary areas in commercial and industrial properties.

Grumbach Prefabricated showers

Standard, convenient or comfortable: Grumbach has the right prefabricated shower for every situation.

Prefabricated shower SOUVERÄN

with real glass sliding folding door, 18 l hot water tank (32 cm entry) and wastewater pump (Art.-No. 330.88.N, 901, 921)

■ Grumbach Prefabricated showers

- 4 basic types with numerous configurations
- quick and easy to assemble
- top price/performance ratio

- are made of high quality plastic (PS) and are complete and fitted to a high standard.
- They stand out due to the high level of price/performance ratio that means: clear, rational design proven technology and of course sensible prices.
- **Prefabricated showers can be fitted in record time almost anywhere without any problems.**
- You only need a warm, a cold and a wastewater connection. If there is no warm water connection the showers can be delivered with an integrated warm water tank. If there is no wastewater connection the prefabricated shower can be delivered with an integrated wastewater pump. The electric parts are accessible without the disassembly of the prefabricated shower.

■ Prefabricated shower variations:

Depending on the model. choose between

- ① closed ceiling (normal version) or open ceiling (on request, at extra cost)
- ② 4 different ways to access
- ③ the shower tray size 80 x 80 or 90 x 90 cm
- ④ low entry (only 17 cm, or with the built-in warm water tank 32 cm)
- ⑤ Single walls or double walls with integrated soundproofing core
- ⑥ integrated 18 l warm water tank (then 32 cm access) or separate 25 l warm water tank
- ⑦ total height 206 cm or total height 220 cm

Improved model!

Prefabricated shower STANDARD-
with three part sliding door.
(Art.-No. 130.88.N)

Prefabricated shower STANDARD PLUS with swinging doors made of artificial glass and wastewater pump
(Art.-Nr. 210.88.N, 921)

Improved model!

Prefabricated shower SOUVERÄN
with real glass sliding folding door, 18 l hot water tank (32 cm entry) and wastewater pump (Art.-No. 330.88.N, 901, 921)

■ Facilities and Features STANDARD and SOUVERÄN

Prefabricated shower STANDARD

- high quality plastic (PS) in white.
- completely fitted out with shower partition 2-handled single-hole fitting and shower set (hose, adjustable hand shower and soap dish)
- with single walls (4 mm thick) externally grained, inside smooth, with small step into the tray
- with split back wall for problem-free connection, even from the inside (for example, installation in a niche)
- with adjustable feet for simple positioning
- with base consisting of an ABS shower tray 80 x 80 and a stable PUR support
- with closed ceiling
- with low entry 17 cm or normal entry 32cm (with integrated 18-liter hot water tank)
- with curtain, sliding folding door or 3-part real glass sliding door or with 2 solid swinging doors made of artificial glass

Prefabricated shower STANDARD PLUS

like STANDARD, but

- extra tall 220cm
- with sliding folding door, 3-part sliding door or with 2 solid swinging doors made of artificial glass

Prefabricated shower SOUVERÄN

like STANDARD PLUS, but

- with double walls (16mm thick), both internally and externally grained, without step and with soundproofing
- with 60mm assembly duct as wall covering
- available with 80 x 80 or 90 x 90cm shower tray
- With real glass sliding folding door, 3-part real glass sliding door or with 2 solid swinging doors made of artificial glass

Improved model!

Prefabricated shower SOUVERÄN
with three part real glass sliding door,
shower tray 90 x 90 and low entry (17cm)
(Art.-Nr. 330.99.N)

Improved model!

Prefabricated shower SOUVERÄN
with three part real glass sliding door,
shower tray 90 x 90 and low entry (17cm)
(Art.-Nr. 330.99.N)

combined with

Washbasin wall
(Art.-Nr. 950)

All necessary connections of the
Grumbach prefabricated showers
are pre-fitted - ideal for quick and
simple installation.

SOUVERÄN with 18 l warm water
tank and wastewater pump

Prefabricated shower SENIOR
with access assistance and bench
(Art.-No. 410.99.N, 960)

■ Prefabricated shower SENIOR

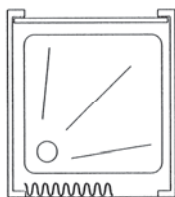

The Grumbach prefabricated shower SENIOR is equipped with the latest anodized, asymmetrical swinging doors made of artificial glass.

Inside the shower cabinet, the bench and the thermostatic fitting provide a comfortable showering experience.

The low access height into the 90 x 90cm shower tray is only 17cm! Access can be made even easier by fitting a support rail. (Art.-Nr. 960)

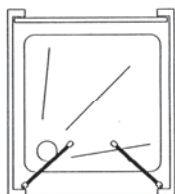

Even the extra external 25 litre hot water tank can be fitted to the high quality Prefabricated shower SENIOR. In this case the shower is supplied with a single-lever mixer instead of a thermostatic fitting.

Access and miscellaneous

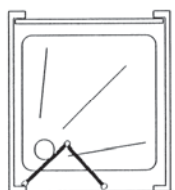

Plastic curtain

"When simple is sufficient"

Swing doors made of artificial glass

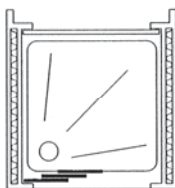

The 2 swing doors made of artificial glass and anodised Aluminium frames are easy to maintain, stable and can be opened really wide. The swing doors lock with a strong magnet seal. The swing doors lock with a strong magnet seal.

Real glass sliding folding door

Aluminium, silver anodised with transparent toughened safety glass (TSG), made by Koralle, very high quality. Can be opened to the left or right, the full access width remains available.

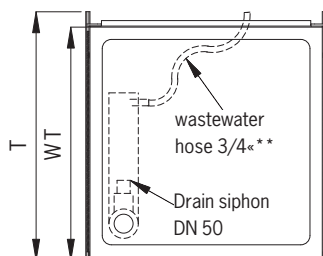

New!

3 part real glass sliding door

Aluminium, silver anodised with transparent toughened safety glass (TSG), made by Koralle, very attractive design.

New!

* only with two-hole mixers
** only the version with wastewater pump

Equipped with the following taps

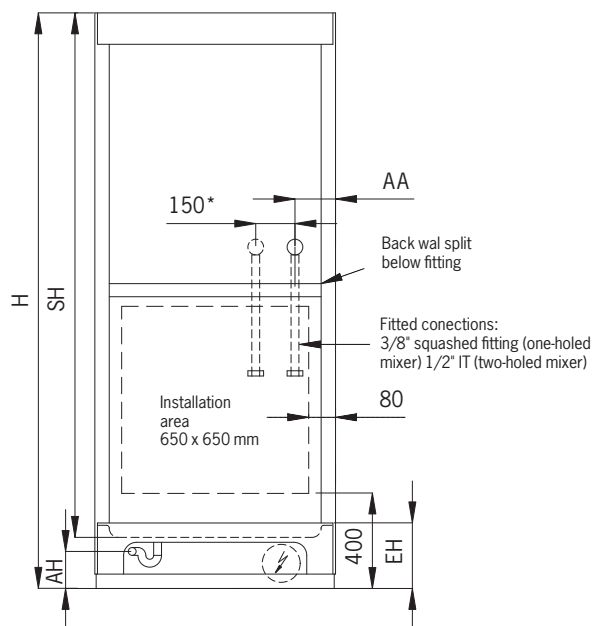

2-handed mixer, 18mm chrome plated wall pipe. High quality hose, adjustable shower head and soap dish.
